Innovation and Transformation: A Brave New World of Banking

The HKIB Annual Banking Conference sees a confluence of thought-provoking ideas, innovation, and ways of how the banking world is entering a new phase of developments while overcoming growth bottlenecks.

With the theme “**Innovation and Transformation: A Brave New World of Banking,**” watch as industry leaders explore the new frontiers of smart banking and delve into the issues that are reshaping the banking industry. This year’s event will highlight how a clear focus on digital transformation, innovation and the addition of virtual banks into Hong Kong’s banking system have revolutionised the industry by opening the doors to better user experience, product innovation, cost and operational efficiency and delivery channels.

The HKIB Annual Banking Conference is your chance to engage with Hong Kong's most massive audience in financial services, spark new ideas and create partnerships.

As the banking industry is going through a commercially driven transformation, the conference will also focus on the new opportunities that lie ahead of us. The conference allows you to gain leverage from the insights shared by the industry leaders so that you can use it in different ways to increase your core strengths and win over new businesses that are beyond the traditional boundaries. Learn how banks are focusing on offering new business propositions, digital products and services as well as striking new partnerships.

Riddled with challenges and a plethora of new opportunities, let's get together and change the bottlenecks to breakthroughs!

The Plenary Session: The event kicks off with a plenary session that will address strategic issues from a range of experienced executives’ views.

The Three Breakout Streams: This is where industry leaders will focus on hot areas to deliver practical insights on implementing changes for the future today.

The Exhibition Zone: This is where delegates can check out the latest tools and gain specific insights into how emerging technologies might shape the future of banking.
